Wall mounting case AR-600

AR600 is the standard case for max. 8 REL/isp modules, ideal for medium size systems or multiple racks systems.
AR600 systems are particularly suitable for small areas or on large sites, where it is preferable to have a number of small self-contained monitoring systems connected by a field bus to a remote Host system.
AR600 is supplied fully wired, for 8 REL/isp modules and up to 12 ISP alarm outputs with (SPDT) relay rated at 3A 110 Vac.
